Correct no need to modify -
Situational awareness at this point so collectively we don't forget

As Doug has indicated, we will need to discuss how and when to include Robin and Stuart in the most constructive manner.

Hello Lynn. Long time no talk! Hope you, Alyse, and our R7/WLL folks are doing well.

Regarding the meeting mentioned in paragraph 1, my sense is that the invitees should be Dana, Schatzi [we will coordinate], Amy, and Heather, with Dave B and Dave K as optional.

Regarding the face-to-face on May 11, we will check with the two Daves on their availability. I don't think Doug is available, although Heather would be another candidate for that meeting, and I can check with her too.

And, yes, we will make ourselves available on June 8 and 9 – it will be great to meet face-to-face with Mary and maybe Mark.

Make sense? Thanks much - Dana

Subject: Potential Meetings re WLL Remedy Decision

Hi all – I hope everyone is doing well and either already or so will be enjoying your weekend. I wanted to start the coordination on a couple of actions related to selection of the final West Lake Landfill remedy decision.

1. I would like to set up a call with OLEM folks to go over our proposed calendar that R7 has developed for the rest of the calendar year to be able to announce a proposed decision by the end of 2016. Who should I invite to that meeting? I would propose Dana, Doug, Amy, Dave K, Dave B with courtesy invitation to Schatzi and Heather?

2. We are having a face to face technical meeting on May 11th to discuss status of various pieces of the RI Addendum and FFS. We would love to have participation from your office either in person or by phone at that meeting. I apologize that there isn't a lot of advance notice. I am thinking maybe Dave B and/or Dave K might be interested in participating (this will not cover much on groundwater though). Or maybe Doug is interested? Let us know.

3. Mark Hague and Mary Peterson will be in DC on June 6-7 for SES Meeting. They are asking about maybe doing some meetings with OSWER, OECA and maybe others on June 8 to do briefings/have discussions about what work has been done to address prior issues/questions raised regarding the remedial options and plans for the rest of the year. Would you be available on June 8 and/or maybe the morning of June 9 for some meetings? I'm guessing that Mark will want to meet with Mathy sometime during those two days (I think he needs to back in KC the afternoon of June 9).

Thank you,

Lynn M. Juett
